
BuzziBreeze

Product Specification Sheet

This document contains technical information about the BuzziBreeze

www.buzzi.space

BuzziSpace loves to picnic.

BuzziSpace has always had a penchant for picnics, which is why it created the BuzziPicNic. This prizewinning indoor table has all the nostalgic design features of a traditional picnic table. Our love of outdoor living inspired our designers to create the BuzziBreeze. With this, BuzziSpace has answered the call for an outdoor workstation that captures the collaborative needs of the modern workplace. BuzziBreeze is constructed using a powder-coated metal frame, with either a weather-resistant hardwood top and seat, or a folded aluminium profile. We now offer BuzziBreeze high and BuzziBreeze low, as well as a special 'half' version. The latter is reminiscent of an old-style school desk.

Design by Ronald Mattelé and BuzziSpace Design Studio

General

-  Low | High | Low half | High half
-  Top and seat: Powder coated folded aluminium or Solid Oak or Iroko
Frame: Powder coated Steel
-  Dry, Damp & Wet use
